

Natalia Pitts

Web Designer & Programmer

Professional Profile

I'm looking to grow professionally and personally. I want to be involved in projects that I can be proud of, join an amazing team, and advance my design and development career.

I am dedicated to learning by embracing new tasks and roles. Consistent application of usability metrics through hand-coded HTML, CSS, SASS, JavaScript and PHP; Excellent knowledge of all steps of web site creation; Strong problem solving and analytical skills; Efficient team-player; Creative, dedicated, responsible and professional
